Excavator: 24-32 to

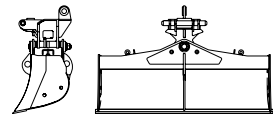

Tiltor 5A, Model B20  
Excavator: 6 - 10 to

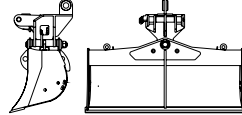

Tiltor 7A, Model B33  
(also rounded version)  
Excavator: 12 - 16 to

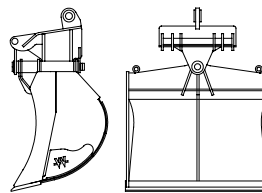

Tiltor 9A, Model L25, L30, L33, L35, L40, L43  
Excavator: 24 - 40 to

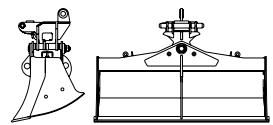

Tiltor 6A, Model B20  
Excavator: 8 - 12 to

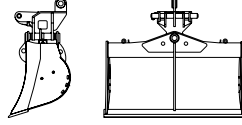

Tiltor 7A, Model B34 / B35 / B36  
16-20 to / 18-22 to / 20-22 to

Tiltor V8, Model L30 / L33 / L35 / L43  
Excavator: 24-32 / 32-38 / 32-47 / 38-47 to

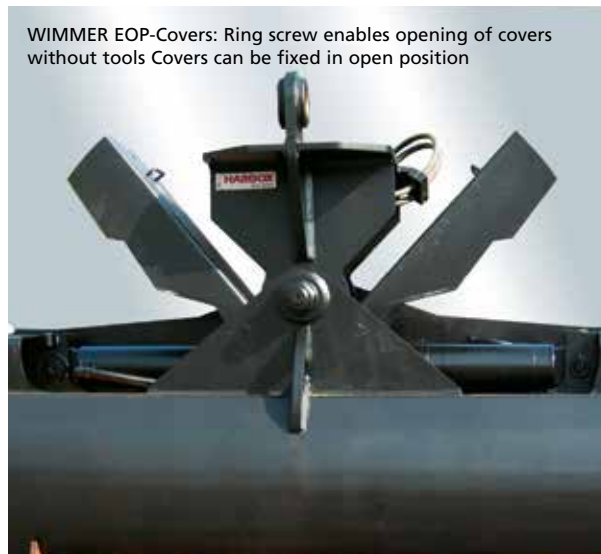

Tiltor 6A, Model B31 (round B32)  
Excavator: 12 - 14 to

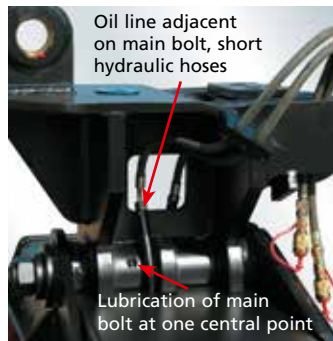

Tiltor 8A, Model B36 / B40 / B43  
Excavator: 20-24 / 22-28 / 24-30 to

## Advantages of the Tiltor models

WIMMER EOP-Covers: Ring screw enables opening of covers without tools. Covers can be fixed in open position.

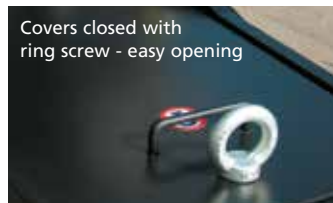

Oil line adjacent on main bolt, short hydraulic hoses

Lubrication of main bolt at one central point

Vessel upper edge from one bent part, weld seams reduced

Covers closed with ring screw - easy opening

Option: bolt on turnable cutting edge
